SANTHOSH KUMAR M

Web Developer

9360956082 | santhoshkumar13012006@gmail.com | LinkedIn | GitHub

CAREER OBJECTIVE

Aspiring Web Developer with a B.Sc. Computer Science background and hands-on experience in HTML, CSS, JavaScript, Python, and MySQL. Skilled in building responsive, user-focused websites and applications through academic projects and Naan Mudhalvan certifications. Seeking an entry-level Web Developer role to apply front-end development skills and contribute to real-world projects.

TECHNICAL SKILLS

- Languages & Web Technologies: HTML, CSS, JavaScript, Python
- Database: MySQL
- Version Control: Git, GitHub
- Tools: MS Excel, MS Word, MS PowerPoint
- Core Concepts: Responsive Web Design, Form Validation, Basic GUI Development

PROJECTS

Personal Portfolio Website | *HTML, CSS, JavaScript*

- Designed and developed a personal portfolio website to showcase skills, projects, and resume in a clean, responsive layout
- Implemented responsive design principles to ensure smooth viewing across desktop and mobile devices

Login Page | *HTML, CSS, JavaScript*

- Built a responsive login page with client-side form validation to handle empty fields and incorrect input formats
- Applied JavaScript for interactive UI behavior and improved user input handling

Web Development Study Blog | *HTML, CSS*

- Created a multi-page blogger-style website to document and share web development learning progress
- Structured content using semantic HTML and styled with CSS for a consistent, readable layout

E-Commerce Shopping Website (Front-End) | *HTML, CSS*

- Developed a multi-page e-commerce front-end with product listing, category, and product detail pages
- Focused on layout structuring and styling to simulate a real-world shopping website experience

Restaurant Menu & Billing System | *Python (Tkinter)*

- Built a desktop GUI application using Python Tkinter allowing users to select menu items and view order details
- Implemented logic to calculate and display the total bill based on selected items

EDUCATION

B.Sc. Computer Science — Thanthai Periyar Government Arts and Science College (Autonomous)
Graduated 2026 | CGPA: 7.37
